

BENJAMIN SAIDU KOROMA

Passport: SLR014164 | **Work permit:** Sierra Leonean, Gambian | **Date of birth:** 28/06/1980 |

Nationality: Sierra Leonean | **Gender:** Male | **Phone number:** (+220) 877077789 (Mobile) | **Email address:**

koroma25240@gmail.com | **Website:** <https://github.com/Ingbenjaminsaidu> | **LinkedIn:**

<https://www.linkedin.com/in/benjamin-saidu-koroma-5a4a96281> | **Whatsapp Messenger:** +220877077789 |

Address: New Town, Bakau,, Marina International schools, 00220, Banjul, The Gambia (Home)

ABOUT ME

Mechanical and Maintenance engineer, energy researcher and founder of Afric Renewables (a renewable energy start up), with a published research article on "Predictive Modelling of Solar Energy Output in Gambia, Using Machine Learning Algorithms". I have over a decade of experience across engineering and STEM education, with proven measurable impact. I am seeking to advance AI-driven energy systems research to enable reliable, scalable renewable and sustainable energy systems across West Africa.

EDUCATION AND TRAINING

11/10/2009 – 30/07/2014 Freetown, Sierra Leone

BACHELOR'S DEGREE IN MECHANICAL AND MAINTENANCE ENGINEERING Fourah Bay College, University of Sierra Leone

Website <https://www.fourahbaycollege> | **Field of study** Mechanical and Maintenance Engineering | **Level in EQF** EQF level 6

CERTIFICATIONS

Artificial Intelligence, Machine Learning, Data Science with Python, Industrial Safety, Teaching and Learning, Solar Project Permitting, Solar Careers Decoded, Net zero 101, International Implementation of The Paris Agreement, A Participant Guide to The UN Climate Change Agreement

Mode of learning: Hybrid

SKILLS

Computer Skills

Microsoft Office | Microsoft Excel | Microsoft Word | Microsoft Powerpoint | Google Drive | Deep Learning | Google Docs | Outlook | Matlab | Pandas | Python

Engineering and Analytical Skills

Quality Control and Inspection | Equipment Performance monitoring | Maintenance Planning and scheduling | preventive and corrective Maintenance | Mechanical equipment troubleshooting | Root Cause Analysis | CAD Software | Data Analysis and Reporting | AutoCAD or Solidworks | Artificial Intelligence | Collaboration

Health, Safety and Compliance

Hazard Identification and Risk Assessment | Occupational Health and Safety | Permit-to-work systems | Environmental Compliance | Knowledge of ISO Standards | Lockout/Tagout(LOTO) | Industrial Safety | Adaptability

Soft Skills

Attention to Details | Time Management | Punctual | Dependable | Customer service Orientation | Team work | Project Management | Communication | Leadership | Critical Thinking

WORK EXPERIENCE

MAINTENANCE AND REPAIR ENGINEER(TRAINEE) – LONDON MINING LIMITED – 05/06/2013 – 31/12/2014 – LUNSAR TOWN, SIERRA LEONE

- maintenance planning and organization
- workshop management
- Predictive maintenance
- Faults diagnosis
- data entry

SHARE INTERNATIONAL(VOLUNTEER) – SHARE – 03/01/2015 – 29/12/2018 – FREETOWN, SIERRA LEONE

- Teach Microsoft office programs to adults students (Adult Education)
- perform routine maintenance of computers
- organize homework clubs
- monitor school attendance
- organize community projects

FURTHER EDUCATION TEACHER – BISHOP L.J BARNES MEMORIAL SCHOOL – 15/09/2018 – 30/09/2020 – MONROVIA, LIBERIA

- teach mathematics and physics
- work as lab technician(chemistry and physics labs)
- mentor students towards STEM career paths

SECONDARY SCHOOL TEACHER – MURIALDO SECONDARY SCHOOL – 12/09/2014 – 30/07/2018 – LUNSAR TOWN, SIERRA LEONE

- Teach mathematics and Engineering Science
- work as lab technician(Physics and Applied Electricity)
- mentor students towards STEM career paths

STEM EDUCATOR – MARINA INTERNATIONAL SCHOOL – 12/09/2022 – Current – BAKAU, THE GAMBIA

- Develop and deliver the Cambridge IGCSE mathematics curriculum
- Integrate technology in lesson delivery
- Serve as homeroom tutor
- Participate in professional development activities
- Member of the Robotics club
- Member of the teaching and learning committee (COBIS accreditation compliance committees)

STEM EDUCATOR – THE ENGLISH SPEAKING COMMUNITY SCHOOL OF CONAKRY (ESCE) – 12/10/2015 – 31/08/2016 – CONAKRY, GUINEA

- Teach Additional Mathematics and Physics
- Mentor student towards STEM career choices
- Member of the sport committee
- Member of the bilingual committee

CONFERENCES AND SEMINARS

28/07/2026 – 29/07/2026 Online

Battery Centric Workflows For Next Generation Battery Development

29/06/2026 – 30/06/2026 Online

How Smart Data Management and Machine Learning-Driven Design of Experiments Accelerate formulation Development

23/07/2026 – 24/07/2026 Online

AI Tech 2026 : Global Conference on Cyber Defense in The Age of AI

Conference was organized by the CEO of Pinnacle Learning Centers, Canada. Issues like AI security , prevention of hacking, decentralization of data centers, optimization of AI resources, etc, were discussed.

28/07/2026 – 29/07/2026 Online

Recovery And Repurposing of Graphite from Spent Lithium-Ion Batteries for Dual-Ion Battery Systems and Beyond

Developing sustainable , cost-effective methods of recycling and upcycling from spent Lithium-Ion batteries, was the topic of discussion.

CREATIVE WORKS

01/06/2026 – 30/07/2026

Predictive Modelling of Solar Energy Output in The Gambia Using Machine Learning

A comparative study of Machine Learning Algorithms under tropical West African climate conditions.

Links <https://github.com/Ingbenjaminsaidu> | <https://www.linkedin.com/in/benjamin-saidu-koroma-5a4a96281>

11/07/2026 – CURRENT

Renewable Energy And Climate Action Zone

My You tube channel is where I raise awareness about the use of renewable energy and our actions towards the climate.

Link <https://www.renewableenergy.climateaction>

LANGUAGE SKILLS

Mother tongue(s): **LIMBA AND TEMNE**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C2	C2	C2	C2	C2
FRENCH	B2	B2	B2	B2	B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

PUBLICATIONS

2026

[Predictive Modelling of Solar Energy Output in The Gambia Using Machine Learning: A Comparative Study of ML Algorithms Under Tropical West African Climate Condition](#)

Authors: Benjamin Saidu Koroma | **Publisher:** International Journal for Science, Engineering and Technology

Link <https://github.com/Ingbenjaminsaidu>

2013

[Final Year Undergraduate project: METHODS AND PRINCIPLES OF OUTSOURCING MAINTENANCE IN THE MINING INDUSTRY](#)

This project examines maintenance management practices within the mining sector, evaluate outsourcing strategies, and assess their implications for operational efficiency and maintenance performance.

Authors: Benjamin Saidu Koroma | **Journal Name:** Final year Dissertation | **Publisher:** The university of Sierra Leone

HOBBIES AND INTERESTS

Reading, football, athletics, adventure, travelling, outdoor activities

PROJECTS

01/05/2026 – 30/09/2026

Afric Renewables

Afric Renewables is a start-up renewable energy company I founded. Registered in Gambia and Sierra Leone, Our mission is to provide renewable energy to rural communities

Link <https://www.africrenewables.com>

NETWORKS AND MEMBERSHIPS

01/07/2026 – CURRENT Freetown, Sierra Leone

Sierra Leone Institute of Engineers

I am a proud member of the Sierra Leone Institute of Engineers

15/09/2026 – CURRENT Banjul, Gambia

Gambia Association of Mathematicians

We organize mathematics quiz competitions, mathematics Olympiads, and mathematics debate in and around Gambia, West Africa.

10/08/2026 – CURRENT Banjul, Gambia

Gambia Association of STEM Teachers

Discuss and improve STEM syllabuses, organize STEM hackathons and bootcamps, organize science fair projects, robotics competitions in Gambia

SOCIAL AND POLITICAL ACTIVITIES

CURRENT

STEM Educator, Researcher, Renewable energy activist, sustainable and advanced energy systems enthusiast, Climate change advocate

I am a STEM educator and researcher who integrate technology in AI in lesson planning and delivery to promote a 21st century learning platform. I also conduct researches especially in renewable energy and climate change. I seek to partake in research and innovation that will promote higher education systems

VOLUNTEERING

03/01/2003 – 30/10/2007 Lunsar town, Northern Sierra Leone

Hospitality- Brothers of Saint John of God Catholic Hospitals

Worked with the Brothers of Saint John of God to care for the sick and needy as a reverend brother in training. Part of my work included:

- caring for the sick and needy
- preaching the gospel
- visiting the homeless
- sharing alms to the poor

CURRENT

CSAY FOUNDATION-Renewable Energy

Participate in solar installation and maintenance as a trainee engineer.

07/03/2026 – 03/07/2026 Lunsar town, Northern Sierra Leone

Field Engineering and General Services Limited (FEGS)

Solar installation services traineeship

I am open to volunteering, traineeship and I can work on site and remote. I am willing to relocate

Africa, Asia, Europe, US, Australia, , 21/09/2026
